Education

Ho Chi Minh City University of Technology, B.E. in Computer Science in Computer Science and Engineering – Ho Chi Minh City, Vietnam Sept 2017 – June 2023

Experience

Senior Software Engineer, ZingPlay Game Studios, VNG Corporation – Ho Chi Minh City, Vietnam July 2020 – present

Started my journey at VNG Tech Fresher Program and progressed to Senior Software Engineer at ZingPlay Game Studios (ZPS). Over the years, I have honed my expertise in game server architecture and backend development using Java, while also contributing to client-side logic with Cocos and Godot when needed.

- [Show](#): A card game for Myanmar market
- [Burkozel](#): A card game for the Russian audience
- [Bida3D](#): Global 8-ball pool game
- [Chaos Age 2](#): Global strategy game
- [Sky Garden](#): Farm game. Maintain, fixed some legacy core bugs, develop new event features, customer care.

Projects

Static websites with Hugo Jan 2020 – present

My blog on GitHub Pages using Hugo. Website for Ngăm - a charity project founded by my brother's friends.
